About United Way of Olmsted County

United Way of Olmsted County unites people and resources to improve lives in the community with a focus on education, income, health, and basic needs – the building blocks for a good quality of life. United Way achieves these goals by convening the community to address key issues, collaborating to achieve a measurable impact, and connecting human and financial resources.

Vision

To be an agent of community change that inspires hope, creates opportunity, and champions people in need.

Mission

Uniting people and resources to improve people’s lives in our community.

Our Community

Everyone has a stake in creating a prosperous, healthy community and United Way of Olmsted County is honored to work in partnership with so many people and organizations to build a great place for all of us to live and work. Education, income, and health are the building blocks that create the foundation to a good quality of life. Our entire community benefits when a child succeeds in school, when people have good health, and when families are self-sustaining.

In the long term, our community continues to prosper and grow when all families are financially stable – that means starting today to prepare children to start and stay in school, connecting people to appropriate health care access, and building financial stability so families can be self-supporting. In the short term, United Way works to provide a safety net of basics: a place to live, food to eat, and a warm winter coat.

Our Work

Nearly 32,000 people received assistance through United Way initiatives and funded programs throughout 2013, and 1,700 volunteers logged 6,900 hours of work to better our community. Several United Way of Olmsted County initiatives are profiled below.

**Running Start for School** provides free backpacks and school supplies to K-12 students who live in Olmsted County and are eligible for free or reduced lunch. Distribution of supplies occurs every August.

**Imagination Library** is available for all children under five who live in Olmsted County. Each enrolled child receives a free, age-appropriate book in the mail each month. Registration is available at our website.

**Get Connected** links volunteers to numerous opportunities in our area! Find a need that matches your skills on our website: volunteer.uwolmsted.org

**2-1-1** is a free human service phone resource. Information is available 24 hours a day on a variety of topics including childcare, counseling, food, health services, housing, legal assistance, transportation, volunteering, and more. Just dial 2-1-1!

**Free Tax Preparation** is available between February and April for low-to-moderate income individuals and families. United Way connects people to this service and appointments can be scheduled starting in early January with the help of AARP and the free tax-aide program.

**Community Winter Outerwear** provides winter outerwear items such as coats, mittens/gloves, hats, scarves, and boots to Olmsted County individuals and families who do not have the means to get winter outerwear items. Distribution occurs every October.

United Way of Olmsted County, Inc. is a non-profit charitable corporation 501(c) (3) organized under the laws of the State of Minnesota. It is a community building organization, founded in 1925, and governed by a volunteer board of directors. All gifts are tax deductible to the extent provided by IRS regulations.

Basic Needs
United Way works to help meet people’s basic needs as well as stabilizing lives with a safety net. This work is done through many partners who address people’s needs in Olmsted County, including food, shelter, and safety.

In the past year, over 3,000,000 nutritious meals were served, nearly 900 low income people were connected to public benefits, and over 800 seniors were able to maintain their independence.

Additional work included funding legal assistance, hosting a community winter outerwear drive, and creating safe environments.

Education
Preparing children and youth for school and the community is another priority of United Way. By collaborating with partners, we hope to build up our young people into responsible, contributing citizens.

Children in Success by 6 programming saw an increase to 85% achieving age appropriate developmental milestones. Over 1,100 low income youth participated in quality out of school programming, and 5,500 children received Imagination Library books!

Additional work included providing school supplies to low income children.
**Health**

United Way promotes wellness and health care access, allowing people to achieve optimal health through the work of our partners.

Over 1,000 children received preventative dental care, and 2,500 uninsured people received basic health care. Also, over 1,500 people were able to obtain and retain health insurance for their families.

Additional work included focusing on early interventions in mental health care.

**Income**

United Way moves people toward financial independence with our partners by helping people in Olmsted County increase their income, assets, and job training for improved financial stability.

Job placement support was provided for over 80 low income people, and over 100 homeless families were assisted with stabilized housing. Nearly 400 people gained financial literacy skills.

Additional work included working with low to moderate income working families to receive Earned Income Tax Credit refund dollars.
