Access to quality education is an #unignorable issue facing Olmsted County and Minnesota communities. That’s why we support programs that connect youth and families to resources they need, when they need them. It’s all thanks to people like you who show your local love by giving back to this place we call home.

Accessor to quality education is an #unignorable issue facing Olmsted County and Minnesota communities. That’s why we support programs that connect youth and families to resources they need, when they need them. It’s all thanks to people like you who show your local love by giving back to this place we call home.

What does local love look like?

Bailey’s life changed for the better with help from donors like Barbara, who took action in her community. Bailey went through some tough times and got the support she needed. Now she is planning her future.

Show your local love.
