

IN YOUR TOWN: BYRON

IN THE PAST YEAR, UNITED WAY OF OLMSTED COUNTY HAS:

CONNECTED 32 PEOPLE TO LOCAL SERVICES

Through 211, United Way's 24/7 confidential resource and information line, we're ensuring people can get connected to the services they need. These resources help people access affordable healthcare, rental payment assistance, nutritious food, and more.

SUPPORTED THE HEALTHY DEVELOPMENT OF 104 CHILDREN

We're investing in early learning and development programs that provide support for Byron's youngest residents. Through our partnerships, children get the support they need inside and outside the classroom so they meet developmental milestones and get the best possible start in life.

IMPROVED FOOD SECURITY FOR 107 PEOPLE

United Way Food Security grants ensure that Olmsted County residents have access to healthy, culturally appropriate, nutritious foods. That way, families' basic needs are met, and children aren't going to school hungry.

PROVIDED EDUCATIONAL SUPPLIES TO 69 CHILDREN

We're providing resources to families to promote learning and development. Our Running Start for School Program works with schools across Olmsted County to ensure kids have the supplies they need to start the school year strong. As the sole provider of Dolly Parton's Imagination Library in Olmsted County, we provide free books delivered monthly to kids across Olmsted County.
